

# HCCVS(My School)

## Features & Nearby Famous Spots

**HCCVS** is a beautiful campus that has many unique features. Its school flower is camellia, and the school bird is Muller's barbet. The environment is so wonderful that the school has ever been a scene of the popular movie *Our Times*.

**There** are many famous spots near the school, such as *Hsinchu Zoo*, *Hsinchu Train Station*, *18 Peaks Mountain*, *Hsinchu Senior High School*, and so on. These famous spots make HCCVS an excellent place to study!

**The** school life in HCCVS is full of fun. There are a lot of chances for students to go outside to learn new things. Because it's quite near *18 Peaks Mountain*, the school often holds a mini-marathon. How interesting it is!
